How- Ever, the detective had already investigated this case as the lead detective on this case, he had arrested Someone else on anumerous amount of arrest that had been assigned to him for many burglaries that Had been ongoing around the Chelsea area as had been stated at trial one whom had been arrested – Subsequent to his testimony during trial. Defendants, NEW YORK CITY COMMANDING OFFICE

Are being sue for because they are in charge of securing that their New York City police officers are properly trained on how to serve warrant,also the officers are to secure that judge sign and being that the detective in charge was the investigating officer in,the warrant officer he had a responsibility to secure that HE FOLLOWED POLICY AND PROCEDURE OF NEW YORK CITY POLICE DEPARTMENT- THE FACT that both the police detective as well as the commanding officer proves that the detective and the serving of warrant was executed on less than probable cause.NOTE the following which also apply to all parties such as the hearing judge Renee A White,part 62 The District ASSISTANTS WHOM HANDLED THE INDICTMENT FOR THE ON GOING RATIONAL POINTS ;

The people stated in their Bill Of Particulars, that they had crowbar,also that it had the plaintiffs, when the DNA expert stated that the dna was never tested for Blood, also that DNA Forensic department of the state of New York stated this at trial and during all pretrial hearings as well as appearances; Notwithstanding this the alleged crowbar was tested for DNA, Report from DNA expert stated that there had been insufficient DNA to determine as to whom the DNA belonged: Moreover,the people knew that the crowbar would not be available because the Police Department destroys all evidence that it doesn't use after a year that it had been stored in /at evidence room as per trial testimony of evidence property officer

The District attorney,s whom worked on this case proved and testify that at arraignment by saying an indictment was voted on August 15,2011 based on fact that a bloody crowbar was an influence upon the jury and the minutes of the Grand Jury presentation as received by the plaintiff are bear of this also I believe that if this premise is true that this indictment should have never reflected that unseen words above stated by A.D.A I believe this matter should have been dismissed Moreover, I was never seen at the Crime scene, no can place me there at the date the crime had been committed from the 23 to the 24 Of either March/and/or April 23rd hour of 10 O'clock of the 24/2007 See trial minutes arraignment minutes,also testimony of trial minutes dna expert testimony. The defendant obviously was being falsely accuse served 17 ½ months at the Tombs and Riker's Island On case that he was held on less than probable cause.Judge with all due respect if you sitting at chair your office your hand may sweat several hours past and the next day someone is found at your table does this mean you with impeccable character Are you guilty of committing this crime

This is a LAW SUIT against all the foremention caption defendant, for false arrest, malicious prosecution, and abuse of process for case no. 1562/11 for an alledged Burglary that was committed at 23st between 7th and 8th Avenue, at 344 West 23, this was a commercial store (99) store, etc.

This crime was committed 4 ½ years prior, to the plaintiff, being falsely accused of having committed the crime. see exhibit A, (CERTIFICATE OF DISPOSITION OF ACQUITTAL)

NOTE: The plaintiff was held from original arrest date 8/22,/11 until his acquittal date of the January 28, 2011 a total of 17 ½ months before he was acquittal, for the charge of Burglary in the 2d. 140.20 of the Penal Law, of which was consistent with infrngement on the United States Constitutional Amendments 1st, 4th, 5th, 6th, 8th, 11th also his New York State Constitutional Laws section Article 1—11, Due process of law, right to be free in the prosuit of happiness, cruel and ununusal punishment, deprivation of human rights as stated in United States Constitutions as well as State Constitution.

STATEMENT OF FACTS, AS STATED BY THE PEOPLE

On or about March 15, 2011 a DNA Hit was made for the formention cited above committed, the plaintiff was accused, alledgedly the an indictment was voted by the Grand Jury of the State Of New York, Paintiff was issue an warrant on same date, upon information and belief the people wrongfully accused the plaintiff and false arrest insued 5 months later on August 22, 2011 on an unshown warrant also false statements given to plaintiff, that he had missed a court date, of an unrelated date of docket. NYC 003442 of which the plaintiff had been religiously attending all courts since his accusation of those charges on January 3, 2011, NOTE; The people for all pratical purpose knew the whereabouts of the plaintiff He had been living 631 East 220th street between White Plains Road and Carpentier Avenues for approximately two (2) years

The plaintiff never knew what his original charges were because of the lies of officer/Det. Geraldo River, whom was the assigned investigator for the Burglaries that were committed in the Chelsea region at the time of 2007, and got the collar for the arrest based on nothing less than probable cause.

The defendant was arrested based on forementioned was not hand cuffed excorted out of building based on the fact that he missed court date, not the actual charges of Burglary in 2d Degree, 140.20 of P.L., He was embarrassed by the fact obviously knew that he was arrested for the det.s assisted plaintiff by holding his arms while I was take out of building, people on the stoop of building and friends also people looking out of window because he was excorted around the corner of Carpenter Avenue and half way down the block, then placed by holding his head and put into car, two defendant were on each side of him while excorting him from building and sitting on each side of him, also when plaintiff turn around hesaw many of his acqaintances, friends and neighbors looking, he was very much hurt and embarrassed, this caused him to lose his apartment, that he would never see again.

The district attorney office and trial District ATTORNEY DIRECTLY AND
DELIBERATELY LYED IN THEIR BILL OF PARTICULARS hereon BOP

The district attorney Lauren Perry, lied on the bill of particulars

- 1) BASED UPON THE FACT THAT SHE STATED THAT THEY HAD A VIDEO OF THE PLAINTIFF ALLEGELY COMMITTING THE CRIME,
- 2) THE PEOPLE LYED STATEING THAT THE HAD A BLOODY CROWBAR WITH HIS DNA ON IT
- 3) THE PEOPLE STATED THAT THE HAD A CROWBAR, note the dna stated that their had been less than enough dna to secure that it was anybody's dna, further note that the crowbar had been destroyed because the police destroyed the evidence of the crowbar or any evidence they have in their evidence that has been left in their storage for over 1 year. the district attorney bolstered their evidence stating that their had been blood on the crowbar and became unsworn reasoning; Both the pre trial judge allowed the use of the word blood also the trial judge allowed to be used during the trial also summation despite the fact that plaintiff pro se took exception to their rulings, and perceived that the judges respectively the pre trial judge as well as trial judge Merchant,;
- 4) The District attorney did not have suffice indicia to even arrest the plaintiff to get a warrant and or issuance of same, notwithstanding this allowed evidence that were not in evidence this prove their bias toward the plaintiff, also wish and desire to streamline the case for the District attorney office
- 5) Allowing evidence not in the record secures that there was unfair play and further display of the the cruel and unusual treatment of which cause the plaintiff
- 6) If to further stay incarcerated and denial of STATE AND UNITED STATES CONSTITUTIONS
- 7) The need for closer scrutiny by the pretrial judge would have nullify this case for ever going to trial and denial of the plaintiff to be incarcerated on what is deemed less than probable cause also the trial judge stated that it wouldn't entertain any motions of what should have been addressed a pre trial judgements this too was bias and totally against the Spirit of Justice
- 8) Further more the people had no witnesses nor was there anyone see the plaintiff either at crime scene with crowbar and whom is to say that the crowbar had been the instrument that had been used by the plaintiff, barring the facts of any direct evidence linking the plaintiff to this case, both judges tried to secure a conviction and cared nothing other than to use their office to work the very bench to further violate the spirit of the letter of the law,

- 9) The facts that cannon law and the Barr associations depicts the judge is to secure that the defendants should be fair an impartial also to uphold the spirit of the laws binds them to both state and united states constitutions the decoruim of the court,more assigning lawyers that would give the defendant a zealous attorney to at least he could have fair representation,Here the assignment of Hershal H.Katz whom the plaintiff only saw at the arraignment date and never talked or visited him as to what was transpiring on the instant case made his motions with not ever visiting or excepting his calls and this was on going to December 18, 2011,The plaintiff requested if he defendant could go pro se, He was assigned Robert Weinstein whom stated that because "your not a paining custom that any motions you wanted that the plaintiff would have to submit himself also he said that he was not going to do anything other than to get a copp out for him.At one point the plaintiff was discuss something Weinstein,Weinstein waited till the court clerk was about to enter the back to say why did I spit at him,this was a direct act so that he would be taken off the case. I told the court that I never spited or ever disrespected Weinstein in or out of the courtroom, and stated that he was an alcoholic also that his desire was to represent himself
- 10) Had the plaintiff never represented himself he believe that he would still be in jail and he would have lost his case instead he was acquitted by a group of his peers that saw that the district attorney was not proving their case note that approximately after the second day of trial one of the jury's was admonished and dismiss from the jury for she had violate the fact that she shouldn't speak to anyone about the case,she had gone to a beauty salon while doing her hair she spoke about the case with the butician she was admonished and drown off the grand jury not before stating that she had already formulated that the district attorney was and hhad not proven her case also she believed I was innocent.

THIS IS A TRUE ACCOUNT OF THE CIRCUMSTANCES
THAT LEAD TO THE ARREST ON INDICTMENT # 1562/11
BURGLARY 2ND DEGREE ;

On August 21,2011 The Plaintiff, Herman Crespo had awoken at approximately two thirty in The afternoon, he had received a phone call from one of his lady friends,whom he had asked to Come over so that thry could havea good time together,since he had been drinking the night be- Fore he decided to make a drink,that he could take the edges off what he believed was a slite Hangover. DNA Evidence Can Be Fabricated, Scientists Show

By ANDREW POLLACK

Scientists in Israel have demonstrated that it is possible to fabricate DNA evidence, undermining the credibility of what has been considered the gold standard of proof in criminal cases.

The scientists fabricated blood and saliva samples containing DNA from a person other than the donor of the blood and saliva. They also showed that if they had access to a DNA profile in a database, they could construct a sample of DNA to match that profile without obtaining any tissue from that person.

"You can just engineer a crime scene," said Dan Frumkin, lead author of the paper, which has been published online by the journal Forensic Science International: Genetics. "Any biology undergraduate could perform this."

Dr. Frumkin is a founder of Nucleix, a company based in Tel Aviv that has developed a test to distinguish real DNA samples from fake ones that it hopes to sell to forensics laboratories.

The planting of fabricated DNA evidence at a crime scene is only one implication of the findings. A potential invasion of personal privacy is another.

Using some of the same techniques, it may be possible to scavenge anyone's DNA from a discarded drinking cup or cigarette butt and turn it into a saliva sample that could be submitted to a genetic testing company that measures ancestry or the risk of getting various diseases. Celebrities might have to fear "genetic paparazzi," said Gail H. Javitt of the Genetics and Public Policy Center at Johns Hopkins University.

Tania Simoncelli, science adviser to the American Civil Liberties Union, said the findings were worrisome.

"DNA is a lot easier to plant at a crime scene than fingerprints," she said. "We're creating a criminal justice system that is increasingly relying on this technology."

John M. Butler, leader of the human identity testing project at the National Institute of Standards and Technology, said he was "impressed at how well they were able to fabricate the fake DNA profiles." However, he added, "I think your average criminal wouldn't be able to do something like that."

The scientists fabricated DNA samples two ways. One required a real, if tiny, DNA sample, perhaps from a strand of hair or drinking cup. They amplified the tiny sample into a large quantity of DNA using a standard technique called whole genome amplification.

...a piece of hair might itself be left at a crime scene to frame someone, but blood or

LABORATORY REPORT

COMPLAINANT: Mamadou Diakhate

LAB NO: FB07-01010

COMPLAINT NO: 2007-010-01955

SUMMARY OF RESULTS:

PCR DNA typing performed on the following samples indicates the presence of the same male DNA profile that is suitable for inclusion in DNA databases:

- swab "E2" from "inside on wall by point of entry near broken glass"
- swab "E3" from "piece of broken glass (on inside of)"

This combination of DNA alleles would, at a minimum, be expected to be found in approximately:¹

1 in greater than 1 trillion people

DNA extraction was performed on the following sample, but an insufficient amount of DNA was present for the DNA testing listed in this report:

- swab "E1" from "crow/pry bar"

Further analysis could be done upon submission of a blood or saliva sample from a suspect and/or victim/ elimination sample. Further analysis will require approximately 30 days.

The DNA results in this case do not match any previous PCR (STR) DNA cases to date.

The DNA results in this case will be entered into the OCME local DNA databank. The DNA results will be entered into the National Combined DNA Index System (CODIS).

BY: JENNIFER FROMKIN, ESQ.

FOR THE DEFENDANT:

ROBERT WEINSTEIN, ESQ.
Attorneys for Defendant
350 Broadway
New York, New York 10007

PROCEEDING

1 THE CLERK: Calendar 20, 1562/2011, Herman Crespo.
2 Appearance for the record.

3 MR. WEINSTEIN: Robert Weinstein, 350 Broadway,
4 New York New York. Good afternoon, your Honor.

5 THE COURT: Good afternoon.

6 THE COURT OFFICER: One coming out.

7 THE COURT: All right. Mr. Crespo is in the
8 courtroom. I've rendered a decision on the motions to
9 dismiss, and it's denied.

10 I'm giving the defendant an unstapled copy of the
11 decision. I'm giving the People a copy. Unfortunately, I
12 don't have another copy for Mr. Weinstein. I will have to
13 make you a copy.

14 MR. WEINSTEIN: Thank you, Judge.

15 THE COURT: We'll fax it to you if you give us
16 your fax number. The motions are denied. Now, do you wish
17 to set a trial date?

18 THE DEFENDANT: Excuse me, may I speak?

19 THE COURT: I'll give you. You have a copy of the
20 decision. I want to know what date you want to go to trial.

21 THE DEFENDANT: Realistically, I would like to
22 make a statement before I go to trial, with all due respect.
23 First and foremost, I take exception to your ruling.

24 THE COURT: You have a right to appeal from my
25 ruling.

PROCEEDING

1 THE DEFENDANT: With all due respect, I have asked
2 my alleged legal advisor to help me obtain some discovery. I
3 have yet to receive that. I sent a copy also to the Court so
4 that the Court could be aware as to what I wish and what I
5 desire before I go to court -- I mean to trial, and to date,
6 I haven't gotten that.

7 I haven't seen an alleged video in which your
8 Honor, you stated to the district attorney that she was
9 supposed to give it to Mr. Weinstein within a week, and she
10 has yet --

11 THE COURT: Did you receive the video?

12 MR. WEINSTEIN: I don't know what video this is,
13 Judge.

14 THE COURT: Let me see if I have any notes about
15 that. I said ADA to turn over photos and video to defendant
16 in January.

17 MR. WEINSTEIN: I have photos, Judge.

18 THE COURT: You have the photos. Is there any
19 video?

20 MS. FROMKIN: There is no video, your Honor. I
21 have a note from the assigned saying there is no video.

22 THE COURT: There is no video.

23 THE DEFENDANT: Okay fine. With all due respect,
24 there is another issue that I would like to state. With all
25 due respect, could somebody help me put on my glasses? Could

PROCEEDING

1 I take these off so I can put on my glasses?

2 THE COURT: Mr. Weinstein could you help
3 Mr. Crespo put on his glasses?

4 THE DEFENDANT: Thank you. I would like to read
5 something. Is there any possibility that I can?

6 THE COURT: Sit down.

7 THE DEFENDANT: With all due respect there's a
8 presumption of regularity in essence that no official is
9 supposed to, acting under oath or under office, to submit
10 something contrary to their duty.

11 Realistically, you were informed in essence that
12 there was some blood on a crowbar. Anyway based on the BOP,
13 or better said, the Bill of Particulars that were given by
14 the district attorney's office, it states that my blood was
15 never on any crowbar.

16 THE COURT: Sir, you can -- you're going to have a
17 right to discuss all of this at the trial. I've made a
18 decision on the motions. The next item of business is the
19 trial. I'm not going to rule on anything until there is a
20 trial.

21 THE DEFENDANT: Your Honor, with all due
22 respect --

23 THE COURT: With all due respect to you,
24 Mr. Crespo, I need to set a date for trial.

25 THE DEFENDANT: All right.

PROCEEDING

1 THE COURT: When will the People be ready?

2 MS. FROMKIN: Any time, your Honor.

3 MR. WEINSTEIN: Judge, I have to address the Court
4 about a couple of things. It relates to his readiness for
5 trial, Judge.

6 Mr. Crespo asked me for minutes of certain
7 proceedings in this courtroom. The Court signed the order, I
8 provided it. Mr. Crespo asked me to have an investigator
9 appointed. The Court signed an investigator order.

10 THE COURT: Thank you.

11 MR. WEINSTEIN: I've sent it out to the
12 investigator; however, Mr. Crespo asked the investigator to
13 come visit him in Riker's Island instead of write it up.
14 That hasn't been done. It should be done within a week.

15 Mr. Crespo asked me today, he does want a DNA
16 expert appointed. That I didn't know. Now I know. That
17 should impact the date.

18 THE DEFENDANT: Excuse me, your Honor. Can I
19 speak?

20 THE COURT: Yes. I need to first get a date from
21 you. Do you mind letting me go through that?

22 THE DEFENDANT: Let's make it a month and a half.
23 I have no problem with that.

24 THE COURT: April 10th or April 17th?

25 THE DEFENDANT: With all due respect, may I

PROCEEDING

1 continue? May I elaborate?

2 THE COURT: Briefly. I'm not going to consider
3 any motions. They need to be in writing.

4 THE DEFENDANT: I will submit a motion. I started
5 it, but unfortunately, I haven't been given a lot of time in
6 the law library. I would ask if highly probable, if you
7 could realistically put in a notice so I could go to the law
8 library more frequently. That's causing me extensive
9 problems, because I'm in a building where they have an
10 enormous amount of alarms, and realistically, I'm unable to
11 go to the law library in a manner which would be productive
12 for me to defend myself.

13 THE COURT: I'll ask Mr. Weinstein to look into
14 that.

15 THE DEFENDANT: If you could put it in an order.

16 MR. WEINSTEIN: I'll call the captain to find out
17 what can be done, then I'll submit an order.

18 THE DEFENDANT: With that in mind, I disagree at
19 the fact the district attorney, in essence, when I was
20 originally arraigned on this, you stipulated on your minutes
21 of December 6th, that you relied on what was told to you by
22 the district attorney that there was a crowbar, my blood was
23 on a crowbar.

24 Realistically, I believe that this might have
25 happened while they presented this alleged case to the grand

PROCEEDING

1 jury. So therefore, their minds might have been infuriated
2 by this, or whatever, and caused to have a decision, which I
3 believe is counterproductive to me.

4 THE COURT: You can appeal from any decision you
5 disagree with. We're going to set a date now. April 17th.
6 Hopefully, all your investigation will be concluded by that
7 date.

8 THE DEFENDANT: But I disagree with you, your
9 Honor. I think you should look into that.

10 THE COURT: I appreciate your advice.

11 THE DEFENDANT: Thank you, your Honor. You have a
12 lovely day.
